

Summer 2021 News & Updates

June 2021

Cape Cod Ocean Community and its members are a 501(c)(3) non profit, community based organization. We believe in coexisting with White Sharks in the Massachusetts waters. We work towards facilitating shark safety projects throughout the region.

Greetings,

Welcome to summer

2021. We are as happy as you that Covid is loosening its grip. We are touched and reflective on the impact this has had to many.

CCOC has never loosened its grip on impacting change and lessening human safety concerns. We hope you enjoy this news!

Communication on the beaches

We stay true to our charter to inspire technology solutions to improve human safety.

In a recent effort our technology partner MOOSH SYSTEMS took on the effort to implement Wifi at Lecount Hollow Beach in Wellfleet. This enables emergency calling from water level, helpful in any emergency and surely appreciated by public safety agencies.

From settings>Wifi>choose Moosh Systems.

If you would like us to support WiFi at a beach you care about, please contact us.

Some Science

...."its been three years since Arthur died..."

This was a quote from a visitor at a recent event, while factual, it should not cause anyone to stop

CCOC about Sharks Dangers

Winter Informational Webinar Series:

Through winter 2020-2021 we hosted a number of information webinars on technology solutions.

These are still available here;

watching the problem.

Shark population here remains unquantifiable yet growing. Studies have been initiated but years have passed without a figure or forecast.

What we do know?

AWSC* has released aggregated and consumable receiver data from 2020. Numbers of note:

Nauset Light, CCNS

- 84 individual tagged sharks visited from 6/2020 to 01/2021
- Total detections 3415.
- Total untagged sharks, unquantified

Choose the beach you care about and scroll down to see the number of triggers from tagged sharks. Link Here;

**Atlantic White Shark Conservancy*

Special Thanks to Paul Papadonis who continues his mission to create personalized artwork with donated profits to CCOC. [To Reach Paul](#)

Stay tuned for next newsletter to hear about his safety work in Scituate and Marshfield too.

Cape Cod Ocean Community - 3rd Anniversary 2021

All our welcome. Come one Come all!

Being Pro Human does not mean
Anti Shark. Co-existing is the goal!

Its been three years since this journey started with the Clever Buoy Sonar deterrence project. Galvinizing around this issue has never been more important. Let's be sure visitors understand the reality and make good decisions. Help keep the beat going with your donation to our good work.

Watch for your invitation to the Annual Meeting and Kick-off Party this summer.
